21st November 2023

Dear Parents/Guardians

On Thursday 23rd November we will be holding an oral hygiene lesson for children in year 2, to show the importance of brushing their teeth.

This will include using Plaque Disclosing Tablets. We will be doing this at the end of the school day so children may come home with red or blue teeth.

Please read the below information directly from the website

Boots Expert Plaque Disclosing Tablets are tablets which use a colouring system to differentiate between newer and older plaque, helping you to see areas you should brush better next time.

Red indicates newer plaque and older blue plaque, both have been missed by previous brushing.

Ingredients

Hydrated dextrates, Magnesium Stearate, Sodium starch glycolate, Aroma (flavour) CI 42090 (blue 1) CI 45410 (red 28)

Please return the slip below by Wednesday 22nd November if you DO NOT want your child to participate.

If you do not return the slip it will be assumed your child can take part. If a child decides they do want to use the tablets, they will not be forced to do so.

Yours faithfully

A handwritten signature in black ink, appearing to be 'MS' or similar initials.

Miss Saunders
Phase leader

Childs Name: _____ Class: _____

I wish to withdraw consent for my child to use plaque disclosing tablets.

Signed: _____ Date: _____
